

## Crazy Quilters' Quilt Guild Tour de Quilts 2021 - Sawtooth Star

Check your measurements very carefully. Each block should measure 12 1/2 inches when it is finished. Accuracy from beginning to end will assure that your blocks come out perfectly. Measure carefully, sew carefully, and you will have a perfect block.

For the Sawtooth Star you will need -

Four 3 7/8 inch squares of your background (white) and color one (blue),

Four 3 1/2 inch squares of your background,

And two 3 1/2 inch squares each of colors three (yellow) and four (green).

Once again we are working with diagonal half squares. Place 3 7/8 inch square of background and color one right sides together. Carefully draw a line down the center, corner to corner, diagonally across the block. (This will be a cutting line when you are finished.)

Now if you have a true 1/4 inch foot on your machine, you can sew on either side of this drawn line. If not, you will have to draw a second line on either side, exactly 1/4 inch from the first line. This will be your sewing line.

After you have sewn on your sewing line, 1/4 inch on either side of your corner to corner line, you will cut this square in half on your cutting line. You will now have two diagonal half-squares, which should measure exactly 3 1/2 inches. Repeat with the remaining 3 7/8 inch squares.

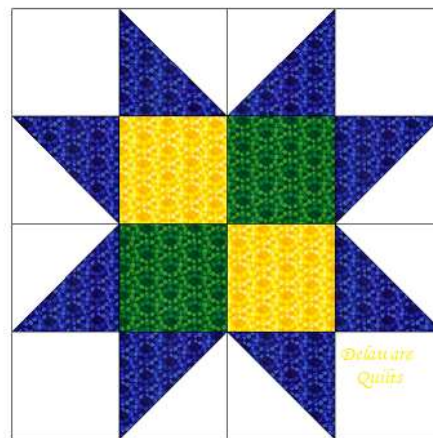

Now make two rows like this

And two rows like this

Complete your block by sewing the rows together following diagram below. The finished block should measure 12 1/2 inches.

The Crazy Quilters Quilt Guild have been given permission by Delaware Quilts to use this block for educational purposes only. This pattern can be used for personal use only and cannot be used commercially without Delaware Quilt's permission. No copies may be made without Delaware Quilt's permission. This includes the patterns as well as any graphics and/or instructions that are associated with a pattern.
